Fifth International  
Scientific & Technical Conference

**«RESEARCH, DESIGN & CAD IN CON-  
STRUCTION: THEORY AND PRACTICE»**

29 October, 2021

Brest, Belarus

## CALL FOR PAPERS

The Fourth International Scientific & Technical Conference under the theme "Research, design & cad in con-struction: theory and practice» will be held at the Brest State Technical University (Brest, Belarus) and sponsored by LIRA-SAPR (Kiev, Ukraine), PSS-SOFiSTiK (St. Petersburg, Russia), SKAD SOFT (Moscow, Russia), Brest-KAD (Brest, Belarus), Institut BelNIIS (Brest, Belarus), Breststroynauka (Brest, Belarus), and Brest State Technical University (Brest, Belarus).

Since 2017 the Brest State Technical University has successfully hosted three international specialty conference, and it is expected that the fourth one will also be a success, and the leading researchers, engineers, manufacturers, and educators who are engaged in research, design, manufacture, and/or the use of computer-aided design software, will report and discuss their recent research findings and innovative engineering solutions.

As an important and integral part of the event, several master classes on the use of LIRA-SAPR and SAPPFIR (LIRA-SAPR), Building Designer (Brest-KAD), and Sofistik software will be given by professional users as well as software developers during the conference.

An online broadcast will be held during the conference.

## SEMINAR TOPICS

- quality control and modern production technologies for building materials industry;
- geotechnical aspects in the design of building structures, computer-aided design technology and analysis;
